STATEMENT

Jinxian Wu is a fourth-year Ph.D. student at the Beijing Institute of Technology. His research focuses on distributed model predictive control (DMPC), specifically on the convex optimization theory and the distributed optimization methods for DMPC.

EDUCATION

Beijing Institute of Technology (BIT), Beijing, China 2022 - 2026 (expc.)

Ph.D. candidate in School of Automation

Research Directions: Optimization in Control; Model Predictive Control

Supervisor: Prof. Yuanqing Xia, & Prof. Li Dai

Beijing Institute of Technology (BIT), Beijing, China 2019 - 2022

M.Eng. in School of Automation, June 2022

Research Directions: Fuzzy clustering; Fuzzy association rule mining

Supervisor: Prof. Li Dai

Qingdao University (QDU), Shandong, China 2015 - 2019

B.Eng. in Automation, June 2019

PATENTS

- [P1] Li Dai, Yaling Ma, Runze Gao, **Jinxian Wu** et al. (2022). An automotive energy management method based on container and model predictive control. Chinese Patent, CN202210816336.X.

TALKS & PRESENTATIONS

“Distributed Fuzzy Clustering Based Association Rule Mining: Design, Deployment and Implementation”, 2021 China Automation Congress, Kunming, Yunnan, China, August 2022.

“Multi-Robot Trajectory Planning under Stochastic Uncertainty via Linearized Chance Constraints”, 2025 China Automation Congress, Harbin, Heilongjiang, China, October 2025.

RESEARCH GRANTS

Principal Investigator, *Optimization-based control for resource-constrained autonomous unmanned systems*, BIT Research and Innovation Promoting Project (Grant No.2024YCX035), November 2024 to November 2025.

TEACHING EXPERIENCE

Theory and Application of Stochastic Process (Fall 2019, Teaching assistant)

ACADEMIC SERVICES

Reviewer for Journals

- IEEE Transactions on Automatic Control
- IEEE Transactions on Control Systems Technology
- IEEE Transactions on Control of Network Systems
- IEEE Transactions on Intelligent Transportation Systems
- Automatica
- System & Control Letters
- Nonlinear Dynamics

HONORS & AWARDS

National Scholarship Award (Top 1%), Chinese Ministry of Education	2025
Huawei Scholarship Award (Top 1%), Huawei Technologies Co Ltd	2024
Outstanding Ph.D. Student (Top 5%), Beijing Institute of Technology	2024
Outstanding Graduates (Top 1%), Beijing Institute of Technology	2022
Best Paper Award of CAC 2021 (Top 0.5%), Chinese Association of Automation	2021
Outstanding Master Student (Top 5%), Beijing Institute of Technology	2021
